Allowable Subject Matter

1. Claims 1-17 are allowed.
2. The following is an examiner's statement of reasons for allowance: Regarding claims 1-17, the prior art of record fails to teach of a method of configuring an IP network containing a plurality of computing devices each connectable to backbone network, each device having a interface for establishing a Bluetooth connection comprising the step of recording first indicia respectively indicative of the discovered characteristic for each device. The closest reference, Heinonen et al. (U.S. Patent No. 6,744,753), teaches of a method of configuring an IP network containing a plurality of computing devices each connectable to backbone network, each device having a interface for establishing a Bluetooth connection but fails to explicitly teach of recording first indicia respectively indicative of the discovered characteristic for each device.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
